

50 Reasons to Use IDShield

Every year, millions of people become victims of identity theft. When cyber criminals strike, it's hard to know what to do or where to turn. IDShield monitors your Personally Identifiable Information (PII) and online privacy from all angles, and if your identity is stolen, we provide full-service restoration to restore your identity to its pre-theft status. Here are just a few of the many ways IDShield can provide you with comprehensive protection.

1. You spend any amount of time on the Internet.
2. You surf the web on public Wi-Fi networks.
3. Your device was hacked when you used public Wi-Fi in your favorite coffee shop.
4. You struggle to recall passwords for your different online accounts.
5. You use the same password for every account, thus endangering your security.
6. You know you need a password manager, but you don't know which one to use.
7. You find out that a friend tagged you in a social media post with questionable content.
